

# GOING TO A DIFFERENT HOSPITAL WHILE YOU RECOVER

As part of your ongoing care, we may need to transfer (send) you to another hospital.

Our larger hospitals at Tweed, Lismore and Grafton have more services for people with higher care needs. These include Coronary Care, Intensive Care, Operating Theatres and Speciality Services.

If you have been at one of these larger hospitals and are now recovering, you may no longer need these services. We may need to move you to another hospital, so we have beds for sicker patients at the larger hospitals.

There are a number of other hospitals within our District. We will talk with you and your family/carers before any plans to transfer you are made. Thank you for your understanding.
